

Citations in Infotrac Powersearch (and most of the other Infotrac databases)

1. When you have found a full-text article that you need to include in your References page look on the right hand side for the Tools box and click **Citation Tools**.

2. A new window will open. Ensure **APA (American Psychological Association)** is selected then click Save.

3. Another new window will open. Click Open.

4. Your citation will appear in the next window. Copy and paste this into a Word document.
